Careers Day Project

Year 6 2013

What's your goal?
Career Presentation

**Background**
You have been working in your chosen field for 20 years. You are considered to be an expert in your field and you have been selected to go to Centaur Primary School on the Friday 23 August (Week 6) to represent your chosen field in the ‘Centaur Careers Day’. You will be speaking to students from across the school and advising them on how to join your profession, what courses they need to cover, and what it’s like to do your job.

**Things to consider**
What is it that you do?
How do you get in to your profession? What topics should be studied in high school?
What university is best for your career?
Where can you be employed? What do you do? Is it fun? How much do you get paid?
What is the career path like? Try to be ready for all questions.

**Other**
You will need to be dressed as a member of your profession. Bring along objects that are used in your profession - no sharp objects please, pictures will be fine. You will need to be good at your job as you need to ‘sign up’ the most people to your profession. We will tell you how this will be done on the day.

**Where to Start**
Go to [www.myfuture.edu.au](http://www.myfuture.edu.au) and investigate your dream job.
